

# SEL/Status Check Guide

Social-Emotional Learning is an important part of overall student mental health. The skills students build as part of an SEL/Status Check curriculum will enable them to be successful long after their academic career comes to a close. There are several benefits to SEL/Status Check:

- ◆ Track students' emotional states
- ◆ Students can self-report their moods with comments
- ◆ Completely customizable for your school's needs
- ◆ Easily run individual, group, or grade level SEL/Status Check reports from the Reports tab
- ◆ Your school's PBIS Rewards Administrator can customize your school's SEL/Status Check images, emotional ranges, and descriptions. PBIS Rewards administrators also have the option to change the name of SEL Checks to "Status Checks" throughout the PBIS Rewards software system.

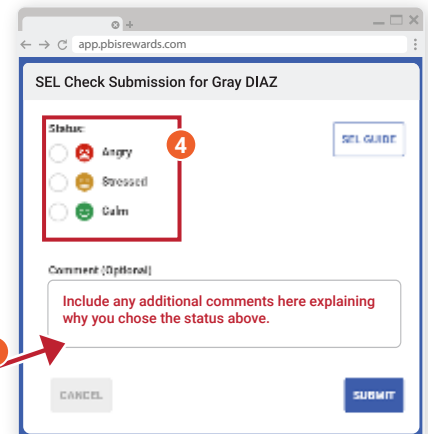

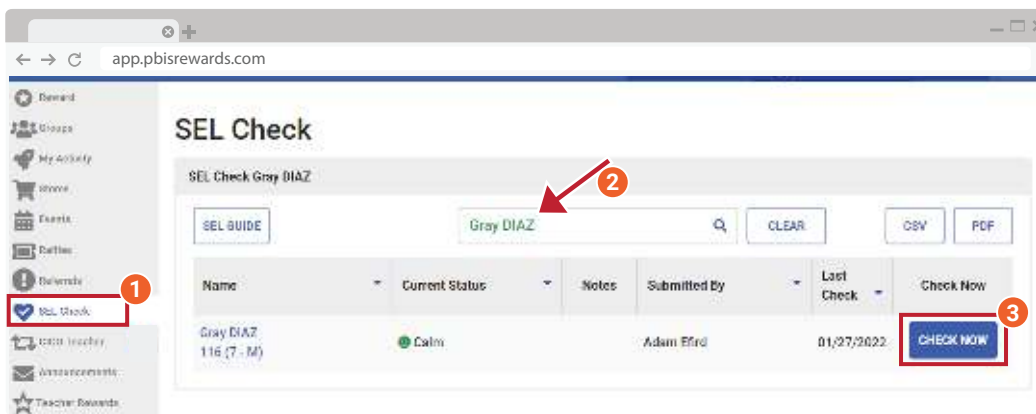

Did You Know?

PBIS Rewards provides a SEL Scoring Guide to aid in scoring student moods and emotions.

## How to use the SEL/Status Check tab:

## How to use the Groups tab for SEL/Status Check:

1 Click the **Groups** tab on the main menu.

2 Click **Select All Students**. You have the option to de-select students by clicking their name.

3 Click the **SEL/Status Check** button to set the status for students in the group.
